It is considered possible that in view of the widespread interest in the DAVIS case and the proliferation of ANGELA DAVIS Defense Committees, many of which are communist-sponsored or controlled, in various sections of the country that the NAACP in some other local areas may be involved in these Defense Committees.

There appears to be good potential for counter-
intelligence action against the Peace and Freedom Center
(PFC), 618 South Millvale Avenue, Pittsburgh, Pa., and the
Revolutionary Socialist Union (RSU), University of Pittsburgh

The RSU is a campus-approved student organization

established source at the UP be furnished this information on

leaders in this regard, and, possibly, cause the RSU to restrict

2. Pending Counterintelligence Action

At present, Pittsburgh does not have any pending counterintelligence action.

3. Tangible Results

On 4/1/70, [REDACTED] an established and reliable source at [REDACTED], Pittsburgh, was furnished information relative to 3-day conference scheduled at Carnegie-Mellon University (C-MU), Pittsburgh, Pa., 4/3-5/70, as outlined in relet dated 3/31/70. This office anticipated that [REDACTED] armed with this information, could prevent this conference from being held at C-MU.

On 4/3/70, [REDACTED] advised that he had furnished information relative to proposed conference [REDACTED] and that the C-MU Administration had then taken steps to cancel permission for the conference. When the originators of the conference were informed that C-MU had cancelled permission for the conference, they protested C-MU's decision, claiming, among other things, that C-MU had reneged on its promise that the conference could be held on its campus. The C-MU Administration relented by allowing the conference to be held as scheduled provided the conference did not include the planning of strategy for the Gulf Action Project, a project intended to disrupt the 4/28/70, stockholders meeting of the Gulf Oil Corporation, scheduled to be held at Pittsburgh.

In regard to proposed counterintelligence action against [REDACTED] as mentioned in relet dated 3/31/70, it is to be noted that [REDACTED] reportedly has reconciled his differences with the Communist Party of Western Pennsylvania (CPWP), and is now considered a CPWP member in good standing. CPWP leaders reportedly expressed the opinion that [REDACTED] was trustworthy in every respect and, in effect, agreed to let [REDACTED] indiscretions go by the Board. Pittsburgh has

No further plans of counterintelligence action against [REDACTED] at this time.

On 5/21/70, [REDACTED] above, was furnished information concerning [REDACTED] as contained in reairtel dated 5/1/70. On 7/16/70 [REDACTED] advised that he had been in contact with the UP Administration and had questioned the desirability of [REDACTED] continuing as a Professor of Economics at the UP. [REDACTED] stated that he had been informed by the UP Administration that [REDACTED] contract with the UP would not be renewed upon its termination this fall. Pittsburgh will continue to follow this matter to its conclusion before claiming a tangible result in connection with this program.

Re Pittsburgh letter to Bureau dated 12/31/69.

Referenced letter set forth proposal that an anonymous letter be mailed to individuals in the Pittsburgh peace movement concerning [REDACTED] in a counterintelligence action directed against the Peace and Freedom Center (PFC) Pittsburgh, Pennsylvania.

Upon further reflection and due to recent developments in the New Left Movement (NLM) and changes in the status of [REDACTED], it is felt that these counterintelligence proposals, as briefly outlined in referenced letter, would at this time be unproductive.

[REDACTED], a member of the District Committee of the Communist Party of Western Pennsylvania (CPWP), until his suspension from the CPWP during October, 1969, is an active participant in NLM organizations and activities, it being noted that he is a member of both the PFC and the Pittsburgh Veterans for Peace (PVP). [REDACTED] was suspended from the CPWP for his close association with members of the Weatherman faction, Students for a Democratic Society (SDS). Shortly after his suspension from the CPWP, it came to the attention of CPWP leaders that:

1. [REDACTED] had callously mistreated a female CPWP member with whom he had been living and that
2. [REDACTED] had reportedly received a letter from the Government requesting that he testify in behalf of the Government.

Re Pittsburgh letter to Bureau dated 10/31/69, and
Bureau letter to Pittsburgh dated 11/14/69.

1. Potential Counterintelligence Action

Relet dated 10/31/69, set forth that [REDACTED]
(Bufile 100-452095) and five of his associates were arrested
in [REDACTED] apartment on 5/28/69 by the Pittsburgh, Pa., Police
Department, and charged with Possession and Control of Marijuana
and Dangerous Drugs. Subsequent to arrest, [REDACTED] and the other
defendants reportedly received a hearing and were bound over
for the Allegheny County Grand Jury. The defendants were
indicted by the Grand Jury and will appear in court possibly
in 1970.

[REDACTED] continues to be extremely active in
the Peace and Freedom Center (PFC), Pittsburgh, Pa., and is
closely associated with the leadership of the PFC, which is one
of the most active peace organizations in Pittsburgh.

[REDACTED] reportedly is an active member of the Communist
Party of Western Pennsylvania (CPWP) and has close associations
with many CPWP leaders and members.

There appears to be good potential for counterintelligence
action against the PFC since [REDACTED] is known to Pittsburgh "peace
workers" as a very active participant in the PFC and its activities.

It is proposed that an anonymous letter be mailed to
individuals who are known to be active in the Pittsburgh peace
movement pointing out that allegations recently made in an
anonymous letter (see below) which, in effect, questioned the
moral character of [REDACTED] and his fitness to be affiliated with
the PFC, were unfounded. An attempt will be made in proposed
letter to create the impression that [REDACTED] is serving as an
informant for a law enforcement agency.

2. Pending Counterintelligence Action

Pittsburgh was considering counterintelligence action against the Students for a Democratic Society (SDS) in the Pittsburgh area. However, there is no longer a chapter of the SDS at Pittsburgh. During September, 1969, the University of Pittsburgh Chapter, SDS, ceased to exist as an organization.

At present Pittsburgh does not have any pending counterintelligence action.

3. Tangible Results

In compliance with Bureau authority as set forth in Bulet to Pittsburgh dated 6/19/69, Pittsburgh made fictitious mailing to Pittsburgh newspapers on 6/23/69. However, these newspapers did not publish these anonymous letters.

On 11/18/69, Pittsburgh mailed anonymous letter as proposed in relet dated 10/31/69. Subsequent to this mailing, a reliable source advised that certain CPWP leaders mentioned that they were of the opinion that this mailing was undertaken by the Government to harass the peace movement and that they believed the best course of action was to ignore this mailing. No further information in this regard has been received.

SUBJECT: COINTELPRO - NEW LEFT

DATE: 10/31/69

Re Pittsburgh letters to the Bureau dated 6/5/69, and 6/12/69.

Relet dated 6/5/69, set forth that there appeared to be good potential for counterintelligence action against the Peace and Freedom Center (PFC), Pittsburgh, Pa. This relet noted that [REDACTED] (Bufile 100-452095), and five of his associates, had been arrested in [REDACTED] apartment on 5/28/69, by the Pittsburgh Police Department, and charged with Possession and Control of Marijuana and Dangerous Drugs, and that [REDACTED] was known to Pittsburgh "peace workers" as a very active participant in the PFC. It was proposed that an anonymous letter be mailed to those individuals who are known to be active in the Pittsburgh peace movement, pointing out that [REDACTED] was recently arrested by the police, and that his associations are questionable as far as the peace movement is concerned.

Subsequent to arrest, [REDACTED] and the other defendants reportedly received a hearing and was bound over for the Allegheny County Grand Jury. The defendants were indicted by the Grand Jury and will appear in court possibly in 1970.

At the time of arrest on 5/28/69, two of the above defendants were engaged in sexual intercourse and were additionally charged (1) with Adultery, and (2) with Corrupting Morals of a Minor, and Fornication.

[REDACTED] reportedly is an active member of the Communist Party of Western Pennsylvania (CPWP) and is known to be an associate of [REDACTED] and her husband, [REDACTED], CPWP leaders.

Enclosed herewith are two copies of an anonymous letter which this office is considering mailing to the PFC and to certain individuals and leaders of Pittsburgh peace organizations. The letter, in effect, questions the moral character of [REDACTED] and his fitness to be on the Editorial Board of the "Pittsburgh Peace and Freedom News," the newspaper of the PFC, especially in view of information that [REDACTED] is a Marxist and takes his orders from such communists as [REDACTED] and her husband.

Bureau authority is requested to mail this anonymous letter as proposed. It is believed that recipients of this letter will raise the question of [REDACTED] fitness as a PFC leader. There appears to be little, if any, risk of jeopardizing the security of a Pittsburgh informant through this operation.

The Peace and Freedom Center
633 South Millvale Avenue
Pittsburgh, Pa. 15224

Dear Sirs:

Since coming to Pittsburgh I have enjoyed reading your newspaper and have sent in donations from time-to-time to enable you to continue its publication.

I see that [redacted] is still a member of the Editorial Board of the Peace and Freedom News. To come right to the point, have you ever questioned the moral character of [redacted] and his fitness to hold this position of responsibility with the Center?

Did you know that [redacted] and some of his associates were busted in [redacted] apartment several months ago for possession of drugs? They are now awaiting trial. Two of [redacted] associates, at the time of the bust, were having sexual relations in [redacted] apartment. Didn't he know what was taking place in his own apartment?

Besides, a friend in the Movement informed me that [redacted] was a Marxist and took his orders from such communists as [redacted] and her husband, [redacted]. I am unable to term this information the gospel truth, but my friend vouches for the validity of this information. I've personally observed [redacted] with the [redacted] on several occasions. Ask [redacted] about this! Don't quote me!

All of this to say -- I don't think the Center should be beholden to any person or organization, especially to communists and possibly the Communist Party. Then too, I don't think anyone, even [redacted] should hold a responsible position with the Center, if they are of poor moral character.

Yours For Peace,

A Friend

NOTE:

Pittsburgh, in reairtel, notes that the President of the ACLU* has called upon the Governor of Pennsylvania to reprimand the State Police for conducting an investigation at Westinghouse High School following the appearance of two poets at the School. The two poets were invited to the School by David Worstell who has been convicted of draft evasion and who is a leader of the Pittsburgh draft resistance movement. The poets are noted for their efforts in the draft resistance movement. Pittsburgh suggested letters to the editors of the Pittsburgh "Post Gazette" and the "Press" be sent over a fictitious name and address which articles would take acception to the ACLU call for investigation of the police. As the letters would show support for the local police against obvious attempts by the New Left to agitate in the high schools, they are being authorized.

The article in the Pittsburgh "Press" identifies DAVID WORSTELL as a leader of the Pittsburgh draft resistance. This organization is actually the Resistance, which organization has been previously identified to the Bureau by Pittsburgh as a target for counterintelligence activity.

As a counterintelligence action, Pittsburgh is requesting Bureau authority to send the following fictitious letter to both Pittsburgh newspapers. "Dear Sirs:

"The article in the June 11 'Post Gazette' (Pittsburgh 'Press' where appropriate) says that the State Police assaulted academic freedom by investigating the visit of two poets to an English class at Westinghouse and they should be reprimanded. If anybody should be reprimanded, it should be the teacher who brought the poets there. Both of them are known for being against the draft laws and they preach that these laws should not be obeyed. Also, how come a man, David Worstell, who has been convicted as a draft dodger, can teach our children at Westinghouse and bring in other speakers who are opposed to our country to talk to the students, who are a captive audience? That is where the assault on academic freedom is.

"How come the principal at Westinghouse and the Board of Education permit this type of action to go on? And why is such a teacher as this permitted to continue to poison the minds of students?

"The ACLU jumped on the wrong people when they blamed the State Police. The State Police should make the complete results of their investigation public so all parents would know what is going on in their schools.

Re Pittsburgh letters to Bureau dated 3/28/69 and 4/4/69, and Bureau letter to Pittsburgh dated 4/9/69.

1. Potential Counterintelligence Action

Information has been received that on 5/28/69, the Narcotics Squad of the Pittsburgh Police Department, Pittsburgh, Pa., raided the Pittsburgh apartment of [REDACTED] (Bufile 100-452095) and arrested [REDACTED] and five of his associates found in the apartment. [REDACTED] and his associates have been charged with Possession and Control of Marijuana and Dangerous Drugs. These defendants are currently out on bond.

There appears to be good potential for counterintelligence action against the Peace and Freedom Center (PFC), Pittsburgh, since [REDACTED] is known to Pittsburgh "peace workers" as a very active participant in the PFC and its activities.

It is proposed that an anonymous letter be mailed to those individuals who are known to be active in the Pittsburgh peace movement pointing out that [REDACTED] was recently arrested by the police and that his associations are questionable as far as the peace movement is concerned.

Recommendations relative to above proposal will be submitted to Bureau when full details have been formulated.

NOTE:

By relet Pittsburgh suggested that an anonymous letter be prepared and mailed to various individuals and leaders of Pittsburgh peace organizations. The letter charges that [REDACTED] and his wife, who publish the Pittsburgh Peace and Freedom News, which is a newspaper published by the Pittsburgh Peace and Freedom chapter, are being unduly influenced by CP members with the result that the newspaper is beginning to look like the Guardian or the Daily World, the latter being the CP newspaper. Pittsburgh's anonymous letter would also suggest that [REDACTED] is himself affiliated with the CP since he has been associated with Gus Hall, General Secretary, CPUSA. As the letter could give rise to suspicions among some legitimate anti-war activists as to the true objectives of [REDACTED] Pittsburgh is being authorized to make the mailing. Re Pittsburgh letter to Bureau, 1/3/69.

Enclosed are two copies of an anonymous letter signed Pittsburgh Resistor which this office is considering mailing to certain individuals and leaders of Pittsburgh peace organizations. The letter charges in effect that [REDACTED] are being unduly influenced by CP members, which perhaps accounts for the Pittsburgh Peace and Freedom News, a newspaper published by the Pittsburgh Peace and Freedom Center (PPC), Pittsburgh, Pa., being similar to the Guardian and the Daily World.

Relet pointed out that [REDACTED] serves as full-time Field Secretary of the PPC and is assisted in this endeavor by his wife who is a member of the PPC Steering Committee. [REDACTED] and his wife, [REDACTED] have been identified as CP leaders at Pittsburgh.

It is to be noted that GUS HALL, General Secretary of the National CP, in company with [REDACTED], reportedly participated in demonstration at Federal Building, Pittsburgh, 3/5/69, as noted in anonymous letter.

Much attention was given to preparation of this anonymous letter. There appears to be little, if any, risk of jeopardizing the security of a Pittsburgh informant through this operation.

Bureau authority is requested to mail this anonymous letter as proposed. It is believed that recipients of this letter will be given reason to question the associations and future activities of the [REDACTED]

Dear Friend:

I have just finished reading the February, 1969, edition of the Pittsburgh Peace and Freedom News. In my opinion and also in the opinions of several friends the P & F News is attempting to cover too broad a scope, e. g. the grape boycott, instead of sticking to matters relative to peace and resistance. If you ask me, it appears that the P & F News is just another publication like the Guardian or the Daily World. Perhaps, there are reasons for similarities between the P & F News and these radical newspapers.

Is it possible that [REDACTED], the "ramrod" of the Peace and Freedom Center (the publisher of P & F News) and his wife, [REDACTED] are being unduly influenced by members of the Communist Party in the Pittsburgh area? Apparently this is the case. The [REDACTED] are pretty closely associated with [REDACTED] and his wife, [REDACTED] according to leaders in the Pittsburgh peace movement.

I certainly am not in a position to identify the [REDACTED] as CP members. However, when I participated in a recent demonstration in support of a fellow-resistor at the Federal Building on March 5, 1969, I did see [REDACTED] in the company of Gus Hall, a leader of the CP in New York. I'm positive of Gus Hall's identity as I saw him when he appeared on the Ohio University campus as a speaker during the Spring of 1967. Also, I've seen him several times on the TV in New York when I lived there.

Aforementioned edition of the P & F News noted ... "we've made several important decisions," I say to you, let's kick out the [REDACTED] and give the P & F News a new look. Maybe the Peace and Freedom Center would have a new look, too. How about it?

1. Potential Counterintelligence Action

There appears to be good potential for counter-intelligence action against the Students for a Democratic Society (SDS) in the Pittsburgh, Pa., area. Until recently there were three active SDS chapters in Pittsburgh, namely the Carnegie-Mellon University (C-MU) Chapter, the Duquesne University (DU) Chapter, and the University of Pittsburgh (UP) Chapter. Reportedly the DU Chapter is defunct and the C-MU Chapter is approaching this state. The UP Chapter has made very little headway in growth and has few accomplishments to its credit to date. The lack of competent leadership and campus issues of general student interest has possibly led to this SDS situation at Pittsburgh.

Pittsburgh, Pa., [REDACTED]

It would only be necessary to bring this matter to his attention [REDACTED]

In way of background, [REDACTED] would be apprised of the existence of the article entitled, "Campus or Battleground?" in the 5/20/68, issue of "Barron's," which pertains to the disruptive activities of the SDS on the campus of Columbia University, New York, N. Y., last April.

It is believed [REDACTED] exposure of the SDS as an approved student organization on the UP campus to the general public might accomplish several objectives. [REDACTED] emphasize the radical methods of operation of the SDS on other college campuses [REDACTED] commentary can result in unfavorable publicity for the SDS Chapter, UP, which could very well impede that organization's recruiting efforts on the UP campus and could possibly cause some of the Pennsylvania legislators to demand an investigation of SDS activities on the UP campus inasmuch as the UP receives state funds.

This unfavorable publicity might very well cause the Students Recognition Committee for Campus Organizations to question their approval of the SDS as a recognized student organization and cause that committee to deny the SDS future recognition on the campus.

Relet 5/29/68, advised that detailed plans for counterintelligence action against the Peace and Freedom Center (PFC), Pittsburgh, would be submitted by the Pittsburgh Office. This letter noted that [REDACTED] worked full-time to promote PFC activities. The Pittsburgh Office proposes counterintelligence action against the University of Pittsburgh (UP), Chapter of the Students for a Democratic Society (SDS), Pittsburgh, Pa.

On 8/12/68, the Students Recognition Committee for Campus Organizations at the UP approved the SDS as a campus organization and granted the organization a two-month temporary recognition. During this two-month period, SDS must obtain a charter from the National SDS; submit a progress report concerning its recruiting efforts on the UP campus; and submit the identity of the major SDS officer who is responsible for SDS activities on the campus.

The UP is a private educational institution and receives substantial funds from the State of Pennsylvania to insure its continued operation. Campus-approved student organizations at the UP are usually allocated \$500 each year for the support of their campus activities. It is

Coverage of the WVU Chapter of the SDS has been limited to information provided by established sources on the WVU campus. Pittsburgh has intensified its efforts to develop

live informant coverage of this SDS Chapter, as this office realizes its coverage of this group through established sources is inadequate. The WVU SDS Chapter reportedly suspended its activities at the conclusion of the 1967-1968 school year and is not expected to resume its activities until school commences in September, 1968. This suspension of SDS activities on the WVU has hampered this office in developing live informant coverage but, nevertheless, intensified efforts are being made in this direction through current informant programs described above.

The National Student Reliance Society (NSRS), as it is known, was organized during a Communist convention held at Chicago, Ill., in Jan., 1968. The NSRS is an association of students in the United States who have a program of anti-Communist efforts, promotion of foreign aid youth to develop anti-Communist objectives, denouncing United States intervention in the war in Vietnam, and to "radically transform" the university community, and provide for its complete freedom by revolution. The NSRS, General Secretary, Communist Party, United States of America, when interviewed by a representative of United Nations International in San Francisco, Calif., on May 24, 1968, described the NSRS as a part of the "reasonable left" which the Party has "going for us." At the June, 1968, NSR National Convention, an anti-communism proviso was removed from the NSRS constitution. In the October 7, 1968, issue of "New Left Notes," the official publication of NSRS, an NSR spokesman stated that there are some communists in NSRS and they are welcome. PITTSBURGH, PENNSYLVANIA

On July 1, 1968, a source, who has furnished reliable information in the past, advised that as of that date the Students for Peace (SFP), a campus-approved student organization at the University of Pittsburgh (UP), was the only New Left organization on the UP campus. The SFP has a membership of about 45-50 members from among the faculty, graduate students and undergraduate students from UP.

The SFP is characterized in the appendix hereto.

On July 1, 1968, first source, above, advised that the SPP's officers and faculty advisor were the same as those listed above. Source noted that the SPP did not hold its scheduled election during the spring of 1968.

First source advised that during past year there had been no disruptive activities on the UP campus. Source stated that during the past year the SPP had sponsored demonstrations protesting the Reserve Officers Training Corps (ROTC) on the UP campus, and the appearance of representatives of Dow Chemical Company on UP campus to recruit students as prospective employees, but that these demonstrations had been orderly and peaceful. Source noted that the probability of acts of violence or civil disobedience were minimized in connection with aforementioned demonstrations because UP officials had announced that such acts by students would be in violation of the UP's rules and regulations and that violators faced arrest and possible expulsion from the UP.

Sources utilized in appendix hereto have furnished reliable information in the past.

STUDENTS FOR ETHICS (SFP)

The April 5, 1966, issue of "The Pitt News," a student newspaper at the University of Pittsburgh (UP), Pittsburgh, Pa., contained an article announcing the formation of a new student organization called "Students for Ethics" (SFP). The article described SFP as a pacifist group, acting as an information center, which hoped to emphasize the importance of "seeking non-violent solutions into both international and domestic crises." The article further stated that the organization grew out of the desire of several University pacifists to present students normally opposed to war with an alternative to "fight now or fight later."

On September 21, 1966, a source advised that at the first meeting of SFP during the 1966-67 school year on September 13, 1966, Bill Weber, SFP president, stated that SFP is not a pacifist group and anyone who expected it to be so could leave the meeting. Weber said the past president was a pacifist, but he would lead the organization as a militant group. He stated that it was not the purpose of the SFP to do only what the University allows, but since SFP was the only radical group on campus, they intended to do whatever they felt necessary to express the radical viewpoint.

On February 25, 1966, source advised that efforts by the Communist Party of Western Pennsylvania (CPWP) to infiltrate, dominate, control or influence policies of SFP have, for the most part, been unsuccessful to date. Source advised, however, the CPWP has been interested in SFP since its beginning and has made efforts to recruit members of SFP into the Communist Party Youth Club (CPYC) and succeeded in recruiting one, Daniel Smullyan, who became a member of the Executive Board of the CPYC as the Club Treasurer. He transferred to New York City after withdrawing from the UP in early 1966. One other SFP member, Richard Sayre, is currently a member of the Pittsburgh Chapter of the W.E.B. Dubois Clubs of America (WDC).

Source advised that the SFP has been closely associated with protest groups in the Pittsburgh area, especially those opposing the war in Vietnam. They vigorously oppose ROTC on the UP campus and protested recruiters from Dow Chemical Company when they came to the UP campus to recruit employees in November, 1967. Source further advised that several members of the SFP, especially the leaders, are closely associated with members of the CNWP and the PDC, whom they know to be members of these organizations.

FALSE ALLEGATIONS OF POLICE BRUTALITY

Pittsburgh files relative to the New Left contain no information relative to alleged police brutality in this division.

IMMORALITY

The Pittsburgh Office has not received any specific data relative to immorality on part of New Left adherents. From time to time, Pittsburgh sources have furnished general information indicating that several couples associated with the New Left movement were living together without benefit of marriage. These sources have been alerted to furnish specific data in this regard so that captioned program may be intelligently pursued.

ACTION BY COLLEGE ADMINISTRATORS

On 10/5/67, three students at the University of Pittsburgh (UP), Pittsburgh, Pa., namely, [REDACTED] laid down in front of marching ROTC troops performing their drills on the UP drill field to demonstrate their opposition to ROTC. The students

were described as the "beatnik-type" with beards and no shoes. The students were removed from the drill field by the UP Security Police and taken at their request to the Dean of Men, HERBERT G. MC GIBBENY. After their arrival at the office of the Dean, the students had nothing to say. Dean MC GIBBENY requested the students to appear before him again on 10/9/67.

On 10/9/67, Dean MC GIBBENY conferred with above students, however, no decision was reached as to what action the UP would take against them.

On 10/11/67, Dean MC GIBBENY reportedly discussed this matter with the Chancellor's Committee on University Policies. The Dean was in favor of suspending the students but the members of the Committee felt that since this was the first offense for each student, suspension would be too drastic. The Committee recommended that the students be placed on probation and warned that future violations would result in their suspension.

On 10/13/67, it was reported that Dean MC GIBBENY was carrying out the recommendations of the Committee by sending letters to the three above-mentioned students and one other student, [REDACTED] who attended a similar demonstration on 10/10/67, and their parents. The letter advised that the students were then on probation at the UP and any future involvement in activities opposed to the best interest of the UP could result in their dismissal from the UP.

On 11/2/67, it was reported that no student activity expressing opposition to the action taken by the UP concerning the above four students involved in ROTC protest demonstrations on 10/5 and 10/67, was taken. It was also reported that copies of above-mentioned letter had been mailed to these students and their parents by Dean MC GIBBENY.

PG 100-15986

On 11/15/67, it was reported that no problems had resulted from the UP's disciplinary action concerning above students. In fact, it was reported that one of the students, [REDACTED] dissociated himself from the other demonstrators and no longer has a "beatnik" appearance as he was then clean-shaven and well-dressed. Since 10/5/67, [REDACTED] former companions, [REDACTED] and [REDACTED], were reported to have participated in peaceful demonstrations opposing ROTC sponsored by the Students for Peace (SFP), a campus-approved student organization at the UP, which is characterized as an attachment hereto.

(Details of above reported in PG 62-3241, under caption, "Demonstration at University of Pittsburgh, 10/5/67, Protesting ROTC; Info Concerning (IS)."

On 11/14 and 15/67, the SFP sponsored picketing demonstrations in front of the Student Union Building, UP, protesting recruiting of potential employees by representatives of the Dow Chemical Company. The demonstrators denounced Dow Chemical Company for production of napalm bombs and use of those bombs in Vietnam. Demonstrators, which numbered approximately 125 at the height of picketing, carried placards, distributed literature and held speeches. These demonstrations were peaceful and without incident. No efforts were made by demonstrators to enter the building or in any way interfere with interviews being conducted by Dow Chemical Company representatives or block entrance to the Student Union Building, where the interviews were being conducted in the Placement Services Office located on the second floor.

On 11/13/67, it was reported that the SFP planned no acts of violence or civil disobedience in connection with aforementioned demonstrations. The probability of such acts was minimized as the UP had announced that such acts by students would be in violation of the UP's rules and regulations and that violators faced arrest and possible expulsion from the UP.

The 11/16/67, issue of "The Pittsburgh Point", a weekly newspaper at Pittsburgh, contained an article entitled, "Napalm and Free Speech at Pitt," by RICHARD RIEKER, set forth that the 11/13/67, issue of "The Pitt News," a student newspaper at the UP, carried a letter written by JACK B. CRITCHFIELD, Dean of Students, UP, relative to the issue of representatives of the Dow Chemical Company appearing at the campus to recruit potential employees. The letter, described as a policy statement, was a reply to letter from six members of SFP protesting appearance of Dow Chemical Company recruiters on the UP campus. CRITCHFIELD was reported to have stated in his letter, "While those who are opposed to the activities of a particular employer have a right to make their views known to their fellow students by peaceful means, disorderly conduct or physical obstruction which interferes with any student's right to participate in an interview cannot be tolerated."

The article continued in part:

"The implications of the phrase 'cannot be tolerated' were spelled out by CRITCHFIELD in a meeting with some of the students about a week before the demonstration. CRITCHFIELD said, in an interview, that he had read to the students his own revision of a passage from the students' handbook. One part of the statement reaffirmed the right to protest. The last sentence read as follows: 'Any student involved in an on-campus protest whose nature is physical force or physical obstruction will be subject to dismissal from the University.'"

Among the principal speakers at above demonstration on 11/14/67, were ARTHUR TUDEN, Associate Professor of Anthropology, UP, who criticized the indiscriminate use of napalm against villages in Vietnam, causing death

and injury to civilians. JAMES HOLLAND, Psychology Professor, UP, reportedly participated in this demonstration on 11/14/68. Both of these professors have been active in anti-Vietnam war activities at Pittsburgh. HOLLAND is presently serving as Co-Director of the Peace and Freedom Center, a characterization of which is attached hereto.

(Details of above demonstrations reported under caption "Students for Peace; IS - C." Bufile 100-443728)

Pittsburgh will submit counterintelligence proposals to Bureau in connection with captioned matter within the near future.

APPENDIXSTUDENTS FOR PEACE (SFP)

The April 5, 1965, issue of "The Pitt News," a student newspaper at the University of Pittsburgh (UP), Pittsburgh, Pa., contained an article announcing the formation of a new student organization called "Students for Peace" (SFP). The article described SFP as a pacifist group, acting as an information center, which hoped to emphasize the importance of "seeking non-violent solutions into both international and domestic crimes." The article further stated that the organization grew out of the desire of several University pacifists to present students normally opposed to war with an alternative to "ROTC now or draft later."

On September 21, 1966, a source advised that at the first meeting of SFP during the 1966-67 school year on September 13, 1966, Bill Weber, SFP president, stated that SFP is not a pacifist group and anyone who expected it to be so could leave the meeting. Weber said the past president was a pacifist, but he would lead the organization as a militant group. He stated that it was not the purpose of the SFP to do only what the University allows, but since SFP was the only radical group on campus, they intended to do whatever they felt necessary to express the radical viewpoint.

On February 23, 1968, source advised that efforts by the Communist Party of Western Pennsylvania (CPWP) to infiltrate, dominate, control or influence policies of SFP have, for the most part, been unsuccessful to date. Source advised, however, the CPWP has been interested in SFP since its beginning and has made efforts to recruit members of SFP into the Communist Party Youth Club (CPYC) and succeeded in recruiting one, Daniel Smullyan, who became a member of the Executive Board of the CPYC as the Club treasurer. He transferred to New York City after withdrawing from the UP in early 1966. One other SFP member, Richard Sayre, is currently a member of the Pittsburgh Chapter of the W.E.B. DuBois Clubs of America (PDC).

PEACE AND FREEDOM CENTER (PFC)

On May 1 and 10, 1968, a source advised that the PFC was located at 5899 Ellsworth Avenue, Pittsburgh, Pa. 15232. Prior to November, 1967, the PFC was known as the Pittsburgh Committee to End the War in Vietnam which had been activated in the Summer, 1965.

The PFC functions as a service organization and its aim is to coordinate Pittsburgh peace activities directed toward ending the war in Vietnam or other disturbances elsewhere. Activities also include those having racial overtures, the PFC advocating racial equality.

One member of the District Committee, Communist Party of Western Pennsylvania (CPWP) was on the Steering Committee of the PFC as of May 10, 1968. In addition, the CPWP exerts influence upon the activities of the PFC through the association of four other members of the CPWP, with Walter Tillow, Field Secretary, who is responsible for the physical operation of the PFC. Tillow, who was a speaker at a CPWP meeting in Pittsburgh on May 3, 1968, stated that a Marxist daily newspaper was vital to the needs of the public and agreed with communist policies on peace activities.

DISRUPTION OF THE NEW LEFT

ReBulet to Albany, 5/10/68, which instructed that analysis of potential counterintelligence action be submitted.

A review of Pittsburgh files discloses the following organizations that may have potential for counterintelligence action:

Pittsburgh Peace and Freedom Center (PPFC)
5899 Ellsworth Avenue
Pittsburgh, Pa.

This organization is operated by [REDACTED] with the assistance of his wife, [REDACTED] to coordinate peace activities and movements having racial overtures. The [REDACTED] are closely associated with members of the Communist Party (CP) and sympathize with the aims of the CP in Western Pennsylvania (CPWP).

Students For Peace (SFP)
University of Pittsburgh
Pittsburgh, Pa.

This is a campus-approved organization of the University of Pittsburgh. It refused to become affiliated with Students For a Democratic Society (SDS) but goes along with policies of SDS and peace demonstrations in Pittsburgh. There is one member of the W.E.B. DuBois Clubs of America in the organization.

Pittsburgh Veterans For Peace (PVP)

This organization is commanded by [REDACTED] a graduate of the United States Naval Academy and a graduate student at Carnegie-Mellon Institution, Pittsburgh. The Treasurer of PVP is [REDACTED], a member of the CPWP. There are about 90 members who so far have peacefully advocated the end of the war in Vietnam. [REDACTED] has been able to induce [REDACTED] to subscribe to "The Worker" and consider the CP line in his activities.

High School Students for Peace in Vietnam

This organization was organized by adults interested in the termination of the war in Vietnam. The students hold approximately weekly demonstrations and some have elected to take part in other peace demonstrations.

SDS, University of West Virginia,
Morgantown, W. Va.

In 1967, a chapter of SDS was organized at the University of West Virginia but to date it is not known to have been recognized by the National Headquarters, SDS. Activities have been negligible and normal activities have presently ceased at the University except for summer-school classes.

The Resistance

This organization operates out of the office of PPFC. Its purpose is to counsel and assist young men to resist the draft. Adult

supporters are [REDACTED] and his wife [REDACTED] and others.

Peace and Freedom Ticket (PPFT)

This political party was organized for the purpose of placing a third party on the November, 1968, Pennsylvania ballot. The CP was active in promoting this organization which resulted in DICK GREGORY and Dr. BENJAMIN SPOCK being nominated for President and Vice President of the United States. The organization has ceased to function temporarily pending the election.

The PPFC appears to be the center of new left activity in the Pittsburgh area. [REDACTED] works full time to promote activity of this nature and has a printing press in the PPFC office to assist in advertising demonstrations. It is believed that to curtail or eliminate the use of this equipment could be brought about by several methods.

Campus-approved organizations sometimes are allocated funds by the University. It is believed that if it could be shown that funds are utilized for producing un-American literature or activities, the funds may be denied. It is also believed that should the University demand that the student organization pay for guards when they wish to promote a demonstration on the campus, this would deter the organization from making the demonstration.

Plans utilizing the above suggestion will be formulated and the Bureau will be provided with details of counterintelligence proposals.
